Delivering Freshness Daily

PRODUCTS

Combs Produce goes to great lengths to ensure a consistent supply and the highest quality in all of our products. If you can think of it – we can get it!

Combs Produce is dedicated to providing our valued customers with a complete line of conventional and specialty produce. From avocadoes to tomatoes and baby vegetables to exotic fruits, our procurement team works tirelessly to provide you with a consistent supply of the freshest specialty produce items from around the world.

SERVICES

Combs Produce strives to consistently provide a comprehensive package of value-added services to complement our growing product line. As your supply partner, we are always looking for solutions that help your business grow.

FOOD SAFETY

At Combs Produce, our single most important business initiative is the safety of our products. For 10 years we have invested in a comprehensive food safety program - long before our colleagues saw the need. Our tracing system affords us the ability to provide detailed information on individual boxes of product from the point of origin to you, the Customer. And we can do so quickly! With Combs Produce as your supply partner, you'll never have to worry!
